LUIZ OSBORN - DIRECT BY MR. REDELMAN

1 THE COURT: So that's what the tools you have
2 do?

3 THE WITNESS: Right. And in this case, the
4 files from those logs, the file operations on that log, on
5 that listing, will be files operation that happened between
6 that computer and the external devices specifically.

00:02:53

7 BY MR. REDELMAN:

8 Q. And on your tool how many files did it show that were
9 downloaded?

00:03:06

10 A. 109.

11 Q. Okay. So I want to talk about the NOV account
12 associated with Mr. Garza. How does NOV assign -- or how
13 do NOV employees log into their computers?

00:03:21

14 A. They use their assigned user name and a user-created
15 password.

16 Q. Are those pass -- are the user-created passwords
17 shared with anybody at NOV?

18 A. No.

00:03:32

19 Q. Are they -- is it against NOV's policy to share those
20 passwords?

21 A. Yes.

22 Q. I also think you mentioned something about Microsoft
23 SharePoint and Microsoft Teams. Does Mr. Garza's business
24 unit use Microsoft SharePoint or Microsoft Teams?

00:03:46

25 A. To my understanding, yes.
